THE FIRST SABIS® SCHOOL,
LOCATED IN CHOUEIFAT, LEBANON.

SABIS®

SABIS®, founded in 1886, is a global education network that has an active presence in 21 countries on five continents. SABIS® schools implement the proven, proprietary SABIS® Educational System, which has been developed and refined for 140 years. All students in the SABIS® Network benefit from a long tradition of excellence in education, a reputation that is rooted in a well-developed philosophy that seeks to provide students with a top-quality education that prepares them to meet the challenges of a changing world.

**in 21
countries**

140 Years of Success
in Global Education

50+ Schools

35,000+ Alumni

Students in the SABIS® Network have an advantage because they are equipped with a strong academic and social base that helps them achieve outstanding exam results, develop interpersonal skills, and actively engage in their school and community. This comprehensive preparation is highly recognized when they apply to the universities of their choice.

Year after year, SABIS® students gain access to universities around the world and secure acceptances and scholarships to some of the most competitive prestigious universities. They showcase strong interpersonal skills and become active leaders in their university and community.

EDUCATION WITH AN EDGE

Academics

Life Preparation

Self-Development

Schools in the SABIS® Network offer a variety of benefits to their students, including:

- World-class SABIS® curriculum

- Continuous follow-up and support

- Cutting-edge educational technology

- Multiple external exams (AP®, SAT, IGCSE, and A/AS Level)

- High acceptance rates to world's top universities

- Leadership opportunities through the SLO

- Engaging extracurricular offerings

- International experiences through events across the network

EDUCATION PHILOSOPHY

Our Values

ISC-Ajman is a member of the SABIS® Network.

A SABIS® education is grounded in a set of shared values that encourages students:

- To do their best and persevere with enthusiasm and commitment to attain their full potential
- To learn to be independent and take ownership for their decisions and actions
- To be inquisitive, forward thinking, and agile learners ready for a changing world
- To cultivate an awareness of self and others that is rooted in respect, empathy, and inclusivity
- To practice honesty and integrity in all areas of life
- To be socially responsible citizens and active members of their community

Our Mission

ISC-Ajman will be recognized as a provider of top-quality education to students seeking an education at top universities around the world.

ISC-Ajman will strive to help all students achieve their full potential, prepare them for success in college, equip them with the ability and desire for lifelong learning, and strengthen their civic, ethical, and moral values. ISC-Ajman will maintain high standards of efficiency and accountability throughout its operation.

ISC-AJMAN

Since opening its doors in 2024, **The International School of Choueifat – Ajman (ISC-Ajman)** has been dedicated to providing top-quality education to students from the local and international community in Abu Dhabi, U.A.E.

Our state-of-the-art campus features spacious classrooms, play areas, science and computer laboratories, a computerized testing hall, a cafeteria, a library, a semi-Olympic pool, sports courts, and a soccer field with a track.

Kindergartners enjoy their own, independent building with colorful hallways, engaging classrooms, and vibrant play areas.

As a proud member of the global SABIS® Network, ISC-Ajman implements the SABIS® Educational System, refined over 140 years, to balance academics, self-development, and life preparation, equipping our students for success in college and beyond.

PRESCHOOL & KINDERGARTEN

At The International School of Choueifat – Ajman, our Early Childhood Education program is designed to introduce young learners to the joys of education and socialization in a nurturing and friendly international environment. Located in a dedicated section of our campus, our Preschool and Kindergarten offers a safe and

stimulating space where children can explore the world around them. Our curriculum includes a variety of subjects ensuring a well-rounded foundation for future learning. Through engaging activities and play, our youngest students develop essential skills and a love for learning that will last a lifetime.

LOWER SCHOOL

The **Lower School** at The International School of Choueifat – AJMAN lays the groundwork for future academic success by balancing rigorous academic progress with the development of social, physical, and emotional maturity. Our comprehensive curriculum includes core subjects

that are designed to foster a healthy and happy attitude toward learning. Our dedicated teachers create a supportive environment where students are encouraged to explore their interests, develop critical thinking skills, and build strong foundations for lifelong learning.

MIDDLE SCHOOL

In **Middle School**, The International School of Choueifat – AJMAN emphasizes both academic excellence and personal growth. Our curriculum is designed to provide a well-rounded education, focusing on mastery of English, Arabic, math, and science. We also emphasize the development of logical and critical thinking skills, preparing students for the challenges of high school and

beyond. Our middle school program encourages students to become independent learners and fosters a love of lifelong learning. Through a variety of extracurricular activities and clubs, students have the opportunity to explore their interests and develop their talents in a supportive and stimulating environment.

HIGH SCHOOL

High School at The International School of Choueifat – AJMAN begins with Grade 9, marking the start of a four-year journey that culminates in university entrance qualification exams and graduation in Grade 12. Our high school curriculum is designed to challenge students with advanced material, helping them refine their talents and prepare for higher education and future careers.

Students are prepared for success in the U.A.E. national exams in addition to a wide range

of international examinations, including the American-based AP® and SAT exams, as well as the British-based IGCSE and A/AS Level exams.

We also offer a range of subjects and extracurricular activities that cater to diverse interests and aspirations. Our goal is to equip students with the knowledge, skills, and confidence they need to succeed in university and beyond, fostering a lifelong love of learning and personal growth.

ACADEMIC LIFE

Academic excellence is at the core of the SABIS® education offered at ISC-Ajman. Our students receive a premier education in a vibrant community that is committed to helping all students aim for and achieve future success. External exam results qualify SABIS® students for admission to the world's best universities and are part of the solid foundation students use to build future learning. Although admissions requirements vary from university to university and country to country, SABIS® students have an advantage. They are equipped with a strong base that helps them achieve excellent external examination results, well-developed inter-personal skills, and a track record of active engagement in their school and community, which is highly recognized when they apply to the universities of their choice.

THE SABIS® EDUCATIONAL SYSTEM

As a member of the SABIS® Network, The International School of Choueifat – AJMAN follows the SABIS® Educational System, **a comprehensive, university-preparatory program that equips students with the knowledge and skills to reach their full potential** and become successful, global citizens.

The SABIS® Educational System has proven itself over the past 140 years and is built on 6 important pillars:

1. THE CURRICULUM:

Students in SABIS® schools follow a dynamic, rigorous, international curriculum that gives them the strong foundation of knowledge and skills they will need to achieve future success.

The curriculum is aligned to both national and international standards and prepares students for local as well as internationally recognized standardized examinations, such as the American-based Advanced Placement® (AP®), TOEFL, and SAT as well as the British-based IGCSE and AS/A Level exams. This allows our students to apply to local universities as well as international universities around the world.

Watch this video to learn more:

2. SABIS® BOOK SERIES:

Students in all SABIS® schools use books that have been specifically written and developed for them. This allows them to follow a natural, sequential progression as they build their knowledge base.

The SABIS® Book Series is specifically tailored for every grade level and subject and is aligned with national and international requirements, effectively preparing students for a wide range of external examinations.

Watch this video to learn more:

The SABIS® Book Series includes over 2,800 titles in both electronic (E-books) and traditional formats. The electronic format allows our students to use the technological systems to improve their learning in and outside of school.

3. TEACHING METHODS:

Teachers in all SABIS® schools deliver their lessons using the SABIS® Point System of instruction, which is a proven instructional method that keeps students engaged and learning efficiently, through the use of interactive flipcharts, paced content, and the Integrated Learning System (ILS).

Every instructional period has distinct learning objectives to be met and includes opportunities for students to work independently and in groups under their teacher's guidance.

Watch these videos to learn more:

4. TESTING AND MONITORING:

SABIS® schools use regular assessments to help students build a solid foundation of knowledge, particularly in the subjects of English and math. In SABIS®, what we teach in one week, we test in the next.

Informative and summative examinations occur regularly throughout the school year, mainly Continuous Assessments (CA) and Periodic exams. Exams are generally computer-based, using the SABIS® Integrated Testing and Learning (ITL).

Watch this video to learn more:

5. FOLLOW-UP AND SUPPORT:

The progress of every student is continuously monitored through a series of regular tests. In addition to praise and encouragement, students are given the support they need. All available means are used to help students who fall behind. Students are advised on study techniques, motivated by the academic staff, and encouraged by receiving help from peer tutors or teachers.

Watch this video to learn more:

6. SABIS® STUDENT LIFE ORGANIZATION

Beyond academics, students in ISC-Ajman will benefit from the SABIS® Student Life Organization (SLO), a student-led mini-society that empowers students to get involved in the day-to-day experience at their school and offers countless academic, social, and emotional benefits for everyone involved.

Through the organization's nine departments, students have the power to make a real difference in their school and their community through events, activities, awareness campaigns, and more. The real-life experiences students are exposed to help foster their personal development as well as provide them with a platform to acquire and refine skills, attitudes, and attributes that give them a huge advantage in university and beyond.

Some of these essential life skills include:

- Leadership
- Problem-Solving
- Sociability
- Critical Thinking
- Organization
- Grit & Resilience
- Independence
- Empathy & Tolerance
- Communication Skills
- Collaboration
- Team Work
- Accountability

TECHNOLOGY

As a leader in education since 1886, SABIS® truly believes in providing an “Education for a Changing World”, and today’s world calls for cutting-edge classroom technology to be available in every school and for every student. Our students have meaningful experiences with modern, up-to-date methods and technologies used to improve and enrich their day-to-day learning, enhance their academic performance, and challenge the boundaries of traditional learning environments.

For example, assessments conducted in Integrated Testing and Learning (ITL) halls provide immediate feedback, allowing students to review and retake tests. Results are analyzed and monitored through analytical reports to adjust the course pacing chart based on student performance, ensuring a tailored and effective learning experience. The PrepList program enhances this by using data from these comprehensive computerized assessments to identify key questions students need to master. This helps pinpoint academic gaps and engages students in targeted practice for exams.

Complementing this, the Student Integrated Learning System (ILS) connects students and teachers through tablets, promoting real-time and independent learning.

From E-books, to modern, interactive white boards used in the classrooms, and software that allows teachers and school administrators instant access to important academic data, information technology is geared towards helping each and every student reach their full potential.

The minute students enter ISC-Ajman they will be stepping into a well-structured, high-quality environment. Modern, innovative information technology that is developed in-house infiltrates every aspect of students’ school life to promote their learning and ensure their academic success. At home, our students continue to benefit from these technologies through the SABIS® Digital Platform, a dynamic and interactive tool that connects students and parents with a wide range of academic components, which complement and reinforce what they have learned in class.

ISC-AJMAN FACULTY

ISC-Ajman has a professional teaching team composed of excellent bilingual teachers. Adhering to the concept of “student-centred” education and teaching, they devote themselves to school life, enthusiastically help and support

students’ growth, and set high standards for students’ development in and out of class. Whether they want to get into the university of their choice or succeed in their future lives, students have the best support from the faculty.

REGIONAL & INTERNATIONAL EXPERIENCES WITH SABIS®

SABIS® REGIONAL BALLET FESTIVAL

Hosted every year in the U.A.E., this event brings together ballerinas from SABIS® schools in the region, giving them the opportunity to perform on the big stage, showcase their skills, and make their ballet dreams come true. After months of dedicated preparation, students bring the stage to life with the timeless grace of classical ballet. More than a performance, this event is a gathering for families, friends, and ballet enthusiasts to come together and applaud the achievements of these young dancers.

Watch this video from the last SABIS® Regional Ballet Festival:

SABIS® REGIONAL MUSIC FESTIVAL

Gathering talented students from SABIS® schools across the U.A.E., this annual event is a celebration of musical journeys and diverse cultures. From choirs to bands, instrumental ensembles to solo acts, the festival showcases an array of performances that resonate with every beat and note. The festival not only displays the skillful execution of instruments like the piano, guitar, ukulele, violin, and more but also celebrates traditional instruments such as the oud and darbuka, echoing the cultural tapestry of our community.

Watch this video from the last SABIS® Regional Music Festival:

STUDENT LIFE TRAINING CONFERENCE

The Student Life Training Conference is an annual event that brings together students from all over the SABIS® School Network for a unique experience that blends learning, personal development, and fun.

Participating students are selected to represent their school and partake in the many educational sessions and activities held throughout the conference including:

Student Life Sessions: These include strategic meetings, lectures to improve the school's Student Life program, and brainstorming sessions to teach and equip leaders with knowledge.

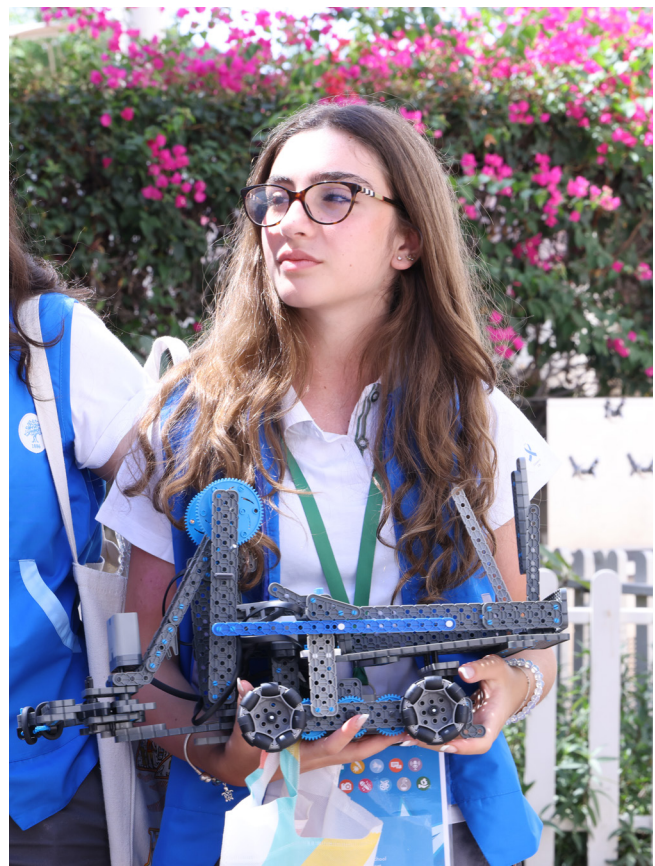

General Training: Unique life skills training sessions, specific Leadership training, Team Building training, the 7 Habits of Highly Effective Teens training, as well as positive attitude training are the focus of the training conference.

Fun Outings: An exploration of sites and delicious food that the host country has to offer.

SABIS® STARS

SABIS® STARS (Talent & Academic competition) is a bi-annual event that involves arts and science contests among students from SABIS® schools around the globe, which aims to encourage student creativity and compel them to achieve excellence in a fun way. This exhilarating competition provides an outlet for students to display their talents in different categories, where they have the opportunity to compete and prove themselves in areas such as painting, singing, science, creative writing, public speaking, and poetry.

Watch this video from the last SABIS® STARS competition:

SABIS® GLOBAL SPORTS TOURNAMENT

ISC-Ajman athletes have the opportunity to attend the biennial SABIS® Global Sports Tournament. This bi-annual sports tournament highlights talented student-athletes from SABIS® schools across the network who compete in swimming, track and field, soccer, and basketball events over three days.

Watch this video from the last SABIS® Global Sports Tournament:

SABIS® STEAM COMPETITION

The SABIS® STEAM Competition celebrates the many STEAM initiatives and courses that are fostering innovation, and creativity, and preparing our SABIS® students for success in our rapidly changing and increasingly technology-driven world. The event brings together students from SABIS® schools in the region to compete in five main categories: Robotics, 3D Printing, Drone, Electronics, and Electric Car. In addition to the competitions, the event also features an array of other STEAM-related activities where students showcased their academic mastery in a quiz-based competition within the event.

Watch this video from the last SABIS® STEAM Competition:

SABIS® EDUCATIONAL SUMMER CAMP

The SABIS® Educational Summer Camp offers students aged 10-18 years a motivating, inspiring, and exciting opportunity to learn, grow, and shine. Our camp combines learning and cultural enrichment with enjoyable on- and off-campus activities on 148 acres of verdant English countryside on the Ashwicke Hall Estate, just 90 minutes from London and Oxford and close to some of Britain's top destinations.

Watch this video from the last summer camp:

UNIVERSITY COUNSELING

At ISC-Ajman, students are prepared to meet the admissions requirements of the most competitive universities in the U.A.E., the U.K., the U.S., Japan, Hongkong, Singapore, Canada, Europe, and Australia. With the support given through university counseling, we make sure our students have access to their universities of choice.

University counseling begins early in High School at ISC-Ajman. The counseling team administers general interest surveys and engages students in discussions about their career interests. These discussions lead to more detailed talks about the subjects the students may wish to study at university and the countries in which they want to study. Parents are also involved at this stage. Students are then asked to carry out guided research and discuss their findings with our counselors.

By Grade 11, students begin to become more precise about their university options. At this stage, our university counselors look into the interests and academic performance of each student, and together with their students agree on a range of suitable universities.

At the beginning of Grade 12, ISC-Ajman students begin to prepare their university applications with the assistance and close guidance of our university counseling staff.

Apart from continuous counseling, the SABIS® Network holds an annual regional university fair on campus, giving students in grades 9-12 a great opportunity to network with local and international university representatives and get answers to their questions.

Watch this video from the last SABIS® University Fair:

TRACK RECORD OF EXCELLENCE

Internationally Recognized Standardized Exams

Strong academic results are the hallmark of SABIS® schools and have long been so. External exam results qualify SABIS® students for admission to some of the world's best colleges and universities and are part of the solid foundation students use to build future learning.
