A Note from the School Administration

Our first full on-campus semester, after being online for months due to COVID, was challenging yet very busy. Despite the pandemic and all its obstacles, our students' academic achievements have been skyrocketing due to their hard work and dedication in addition to the commitment of their teachers, which we're endlessly proud of. This was made easier with the added benefits of the Student Life Organization which improved multiple aspects for our students such as their social lives, leadership skills, and confidence in public speaking. The SLO does so by engaging the students and allowing them to take part in the inner-workings of their school's system as well as allowing them to support each other in academics and sports on a daily basis, creating a space for life long connections. We thank all the members of our school community; parents, students and staff, for their tireless efforts. Season's greetings and wishing all a very happy and relaxing vacation.

UAE Flag Day

Students, teachers, and staff of ISC- Ajman- stood together with the Ajman Police Department to celebrate the U.A.E. Flag Day. This year, the Flag Day coincides with “The Year of the 50th”. We celebrated this national occasion to reaffirm our allegiance to the U.A.E. flag, which is a symbol of the country’s unity and greatness. The event started with a speech from our Acting Director- who expressed gratitude and appreciation for the U.A.E.

We celebrated this national occasion to reaffirm our allegiance to the U.A.E. flag.

U.A.E. National Day

Our school was honored to celebrate the 50th U.A.E. National Day, the day when the emirates united and became one strong and prosperous nation. Our school joined the whole nation in celebrating 50 years of pride and heritage with our esteemed guest, H.E. – Sheikh- Abdul Aziz Bin Humaid Al Nuaimi.

All students, parents, teachers, and staff of our school were invited to participate in celebration of this occasion on Thursday, November 25th, 2021.

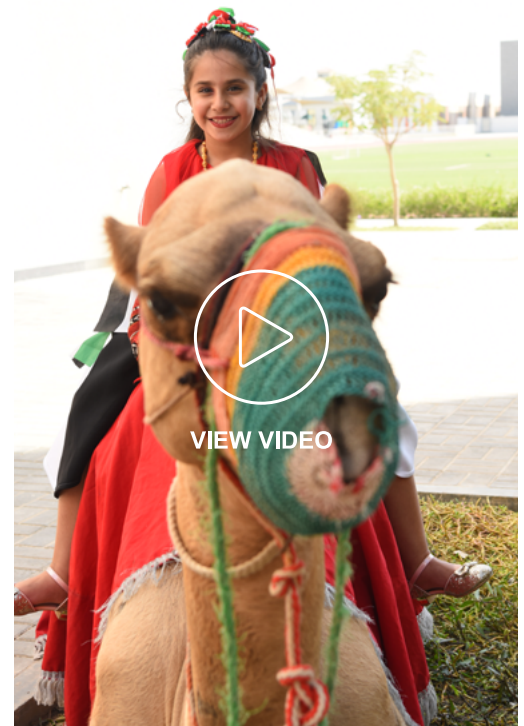

The event opened with a speech delivered by our school's Acting Director- highlighting the importance and significance of positive principles and the value of patriotism in the hearts of our students.

Our school joined the whole nation in celebrating 50 years of pride and heritage.

Later on, students from different grades performed ballet, gymnastics, Yola, a traditional U.A.E. wedding, Arabic poetry, and sang songs– which made this celebration a bright and memorable one.

SLO Stories

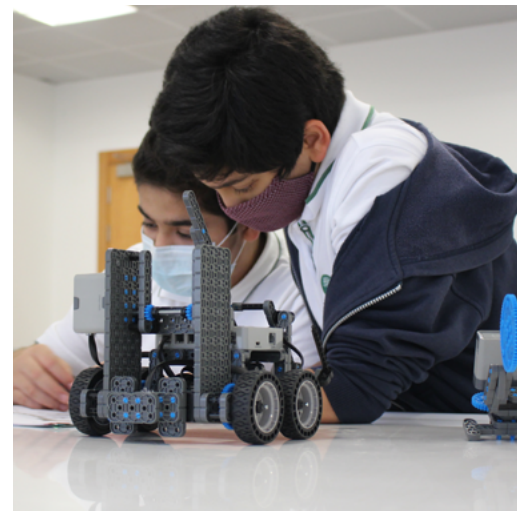

Big Brother & Big Sister Program

The SLO Lower School Department organized a Big Brother & Big Sister program, where the older students and the younger students are buddied up. The older student will be the mentors, follow up and assist the younger students with their day-to-day studies and guide them in the right direction.

Robotics Club

At ISC-Ajman, students participating in SLO Robotics Club explore and develop the fundamentals of basic mechanics and use this knowledge to build machines. Students also learn to think outside the box and be innovative while also learning and practicing their programming skills. The Robotics Club helps improve students' organizational, time management, and teamwork skills through real hands-on experiences. The SLO Robotics Club is an example of an SLO activity that develops the knowledge and skills that are in high demand in today's rapidly changing world.

Wellness Department Activities

Our SLO Wellness Department is organizing a weekly motivational activity to spread positivity, kindness, and happiness throughout the school community. Grade 7-10 students had the opportunity to part take in activities such as writing their biggest fear on balloons and popping them, as writing something nice about someone else on a paper plane and flying it to compliment the one who catches it, etc. Random acts of kindness, like these, encourage good behavior and reflective thinking amongst the students.

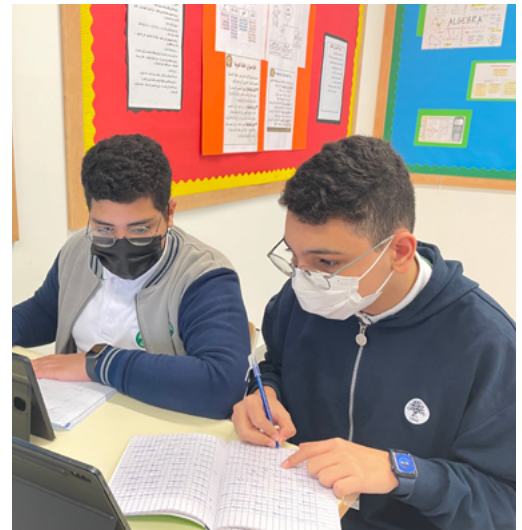

Weekly motivational activities to spread positivity, kindness and happiness.

Peer Tutoring

Prefects in the SLO Academic Department are tutoring their peers on the concepts they missed in their exams, revising their Grid questions, and helping them solve their SDP quizzes. Peer tutoring is an example of how SLO is helping to raise the bar of academic performance. Working together, prefects dedicate their break time to helping their peers and young students become more confident about academic concepts. The tutors practice leadership and teaching skills, gain self-confidence, become mature and more socially responsible, and earn the great feeling of helping a fellow student. We believe that we cannot leave any child to “fail in peace”.

Check out our Instagram page for more photos.

Clubs

At ISC- Ajman our SLO clubs and training sessions aim to give students a positive introduction to a variety of clubs and sport, not only to improve their physical ability but also teach them skills that will benefit them for life. SLO places an emphasis on team play and enjoyment ensuring every child fulfils their potential. The SLO clubs and the training sessions are designed to build confidence and character, while nurturing skills such as cooperation, leadership, collaboration and teamwork, communication, and problem solving during the SLO period.

SLO Job Fair

The SLO Job Fair at ISC- Ajman was a great opportunity for every student to sign up for jobs available at the school. The SLO deputy head prefects were busy recruiting prefects for their nine departments and helping them sign up for their interesting new tasks.

Colorful bulletin boards were put on display, showcasing the creativity of each department. Students were so excited to sign up and to be part of our student-led mini-society that empowers students to get involved in the day-to-day experience at their school and offers countless academic, social, and emotional benefits for everyone involved.

It was a great opportunity for students to sign up for SLO jobs.

SLO Leadership Team Ceremony

The SLO Leadership Team Ceremony event aims to reward committed prefects with leadership positions in the SLO and allow them the opportunity to showcase their work and dedication as well as be actively involved in school's activities.

The Head Prefect and Deputy Head Prefect positions give the students the chance to gain and utilize various skills and apply them in their daily life.

School Activities

Tolerance Day

On the November 16, our SLO celebrated Tolerance Day to teach values of diversity, harmony, and peaceful coexistence between our students. Various activities and projects took place inside, as well as outside the classroom, from Pre-KGs to Grade 10. These activities taught students to reflect the core values of tolerance, and understand the multicultural difference in all of us.

Flying Kites Activity

The SLO Activities Department had organized a Kite Flying Day for Grade 2 during their break time. This activity provided exercise for the students as they chased their kites. It was also wonderful for their hand-eye coordination, kinaesthetic awareness, and gross motor skills. Kite flying helped them strengthen the eyes, as they focused far and near observing and controlling their kite's flight. The Grade 2 students and the prefects had so much fun!
